

Lyrics to the Album version of
ONE WORLD, MANY STORIES

By Billy Gorilly

ONE WORLD, MANY STORIES
People, places, things to see
Come on everybody and we'll go exploring
One great big world, many stories

ONE WORLD, MANY STORIES
You can find each one
At your library
Where there's reading and learning
And oodles of fun

ONE WORLD, MANY STORIES
At your library
Laughs, thrills and ooky, spooky chills
Stories, movies, games
And groovy stuff that's all for free

You can have a book for a friend
It's the kind of friendship that never has to end
'Cause you can read a book again and again
And every book you read that guides you
Plants a genius seed inside you

ONE WORLD, MANY STORIES
People, places, animals too
Stories, lots and lots of stories
Here for you and everyone
Great razzamatazzama superpolazzama
Exciting library fun
ONE WORLD, MANY STORIES

Now I know a place where you can find
A bajillion stories of every kind
Right here in your neighborhood
At your library and it's all good
Books, movies, music and games
Once you step inside you'll never be the same
So come on down and join the fun
Got plenty here for everyone

ONE WORLD, MANY STORIES
People, places, animals too
Stories, lots and lots of stories
Here for you and everyone
Great razzamatazzama superpolazzama
Exciting library fun
ONE WORLD, MANY STORIES
