

# CHOCOLATE COVERED PRETZELS

## MAKE A PERFECT HOLIDAY TREAT

*I love making homemade gifts and goodies around the holidays. For me it is something I look forward to each year. These pretzels sticks are so EASY to make and they are very tasty. This is a perfect treat to make with the kids. Even very young children can help and it only requires a few tools and ingredients.*

*You can switch things up by changing the color or type of topping you use. The possibilities are endless.*

*These sweet treats would be perfect to add to a holiday gift basket or to bring as a hostess gift. Sincerely, Tamara [billygorilly.com](http://billygorilly.com)*

### Ingredients: Makes 12 pretzels

- 1-bag pretzel rods
- 10oz. bag chocolate chips
- 1 jar Fall Color Mix sprinkles

### Tools/Supplies:

- Wax paper
- Cellophane Pretzel Bags
- Cookie Sheet
- 4-Cup microwave safe measuring cup.
- Butter Knife
- Small Plate

### Directions:

Put a piece of wax paper on a rectangle-baking tray. Use some sort of microwave safe container to melt the chips (deep enough to dip the pretzel rods). I used a 4-cup Pyrex measuring cup. Pour the chocolate chips into the container. To melt the chips cook in microwave for 1-1/2minutes, stir with butter knife then cook another 30seconds and stir again. Take a pretzel stick and dip into melted chocolate to coat. I tilted the measuring cup to get the chocolate far enough up the pretzel. Holding the pretzel horizontal I twirled it until no more chocolate was dripping. Then, hold the pretzel over a plate and sprinkle with candy sprinkles or whatever you choose. Set the pretzel on wax paper and continue with the next one.

Now all you have to do is to wait for them to harden. It took a few hours sitting on the counter.

**WHEN THE CHOCOLATE GETS FIRM YOU CAN CAREFULLY SLIDE THEM INTO THE PRETZEL BAGS.**
