

Clean-Up Song

Lyrics • Track 19

Come on everyone
it's time to
Clean-Up!

Everybody's doin' it, doin' it, doin' it
Everybody's doin' it, do, do, do
Picking up, putting away, everybody
helping out
Getting things ready for another day

Let's pretend we're a vacuum cleaner
We're a vacuum cleaner and we're cleaning up
Let's pretend we're a vacuum cleaner
Flip that switch and go, go, go

Now we'll be like the trash truck
We're the trash truck and we're cleaning up

Let's pretend we're the trash truck
Beep! Beep! Look out here we come

Let's pretend we're a robot
We're a robot and we're cleaning up
Let's pretend we're a robot
We're a lean, mean, cleaning machine

Everybody's doin' it, doin' it, doin' it
Everybody's doin' it, do, do, do
Picking up, putting away, everybody helping out
Getting things ready for another day
Everybody's doin' it, doin' it, doin' it
Cleaned up ready for another day

Clean-Up Time
let's pick up our
toys!

How To Make Billy Gorilly's Routine Chart

Card stock

- 1- 12"x12" Yellow
- 2- 12"x12" Red
- 2- 12"x12" Turquoise
- 1- 12"x12" Dark Blue
- 1- 12"x12" Green

- 1- Clear Page Protector
- 2" Clear packing tape or laminator
- 24-30 small velcro adhesive dots
- Scissors
- Double-stick tape or glue
- embellishments as desired.

Routine Chart images printed on heavyweight or regular paper.

Cut out image of Billy Gorilly. Use an extra piece of cardboard to back image for stiffness. Glue or tape to chart.

You Can Do It!

18" wide x 16.5" tall
Recycled cardboard box, poster board, or foam board

Mount header on dark blue card stock. Trim and attach.

Use tape or glue to cover top of board with turquoise paper as shown

Mount morning, noon, and night labels on dark blue paper and attach to chart.

Cover bottom of board with red paper as shown

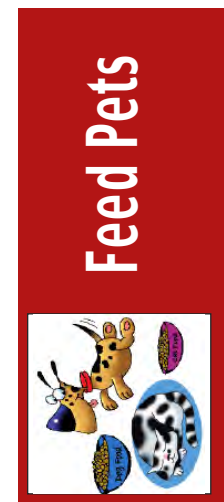

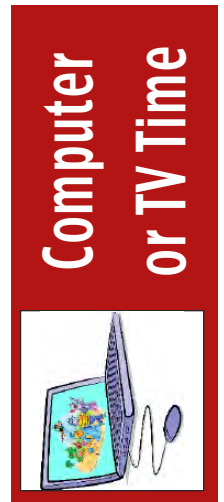

Trim 3/4" off one edge of yellow paper to make 12" wide x 11 1/4" tall

Tip: Save trimmed piece to make strips to cover staples on clear pockets.

Laminate or use packing tape on routine labels to make them sturdy. Attach velcro to back of label and to chart. Velcro makes it easy to add, move, and remove labels.

Cut 3 strips of green paper 3 inches wide. Attach as shown.

Routine Chart labels: Print on heavyweight paper. Laminate or use clear packing tape on each label to make more durable. Cut each label out to make individual labels.

Print image on heavyweight paper. We backed ours with a piece of cardboard cut in the same shape for stiffness. You could also laminate.

Billy Gorilly will be glued to the chart with half his body off the page.

Trim image leaving some white around the edges to make it easier to cut out. The words can be cut out separately or left attached to image.

Take a look at these images to get an idea of how your routine chart might look. Add your own labels to fit your needs. Use your imagination and have fun with it.

A long handle stapler makes securing the clear pockets very easy. Use a blunt object to gently stretch the clear pockets. Pockets are used to store extra labels or as labels are removed during the day.
