

# Months of the Year

and their associated numbers

Science • Ages 4-6

## Billy Gorilly Podcast for Kids episode 15

Sing • Laugh • Learn

- Billy Gorilly's podcast includes Songs, Stories, and Activities to make it fun and easy for kids to learn.
- After listening to the podcast, have the student(s) work on one or several of the activity pages found in this e-book. There are flash cards, work sheets, writing page , and more.
- This activity e-book gives you options. Print out the whole book or only print the pages selected by you. You decide what is best for you and your student(s). No wasted paper.
- Billy Gorilly's music and educational materials are designed to help you teach in a way that makes learning fun.

### Learning's Easy

when you sing along with Billy Gorilly

Months of the Year song • Story of Two Travlers and the Bear • Counting 1-10

# Write the Months of the Year

Now that you have practiced tracing the months of the year see if you can write them by yourself. Print out as many copies of this page as you need.

January • February • March • April • May • June • August • September • October • November • December

Handwriting practice lines consisting of four sets of horizontal lines. Each set includes a solid top line, a dashed middle line, and a solid bottom line. The area between the top and middle lines is shaded gray to guide letter height.

December

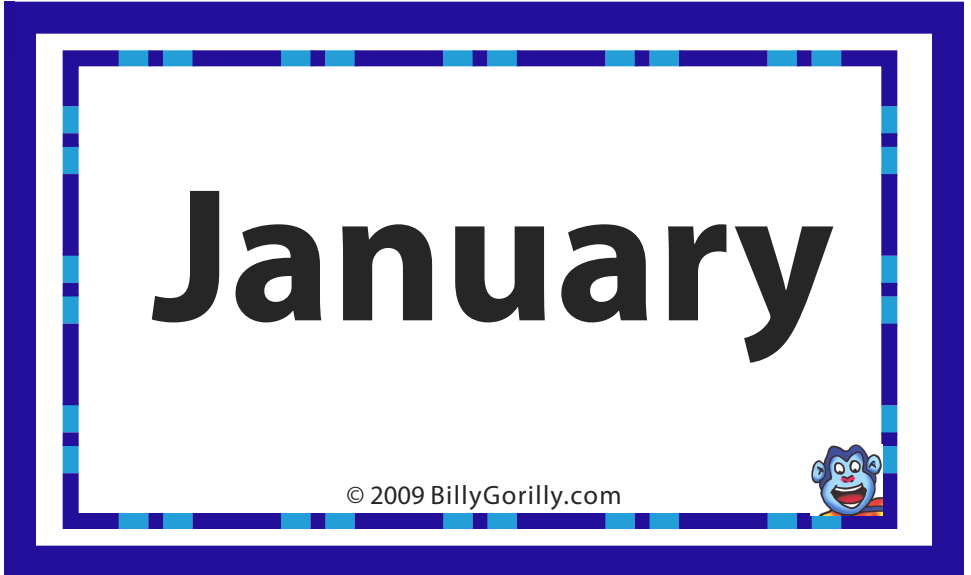

## Instructions

If you would like to make your flash cards more durable, print on cardstock or laminate. You can also print on regular paper and glue them to a 3x5 card.

You can print out all 12 months or use three months at a time.

Cut out flash cards so you have three separate 3x5" cards. The easiest way to cut the flash cards apart is to use a paper trimmer. You might already have one for scrapbooking. If you don't no worries, just use scissors.
